

Azuro Energy Chooses 100% green electricity from Bullfrog Power

Calgary, Alberta, (May 26, 2009) – Azuro Energy, Inc. has signed on with Bullfrog Power, a leading Canadian provider of 100 per cent green electricity in an effort to reduce Azuro’s electricity-related emissions footprint. Bullfrog Power will inject clean, renewable electricity onto the Alberta electricity grid to match the amount of power used by Azuro’s office.

Environmental stewardship is important at Azuro Energy. Azuro Energy supports renewable energy sources and is currently developing economically viable oilfield applications powered by renewable energy sources like wind and solar energy.

“Azuro Energy is committed to reducing its environmental impact by supporting renewable energy sources,” said Farhan Farshori, President of Azuro Energy. “We believe we have a responsibility to manage our resources in a way that promotes the long-term sustainability of communities and the environment.”

About Azuro Energy

Azuro Energy, Inc. is an oilfield service company supplying high quality 100% Canadian-made oilfield products to international oil and gas markets. Its product line includes standard and custom natural gas compression packages, including reciprocating, rotary screw, and scroll compression systems. Azuro Energy is currently developing economically viable oilfield applications powered by renewable energy sources.

About Bullfrog Power

Bullfrog Power is Canada’s leading 100 per cent green electricity provider. Founded in 2005, Bullfrog Power is the only company providing everyone in Ontario, Alberta and British Columbia with a 100 per cent low-impact renewable electricity choice. Bullfrog Power supplies bullfrogpowered customers exclusively from wind and hydro facilities that have been certified by Environment Canada under its EcoLogoM program instead of from carbon-intensive sources like coal and natural gas or higher impact hydro facilities. Bullfrog Power customers are providing the demand to enable new generation facilities to be built in Canada. Thousands of Canadian homeowners and hundreds of businesses have made the decision to become bullfrogpowered™.
